

ZYS AEROSPACE BEARINGS

Aerospace Technology Military Quality

ZYS, SINCE 1958-

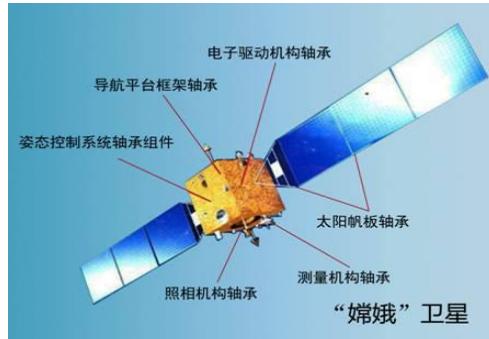

the main supporting unit in China's aerospace industry

Application

Aerospace Technology Military Quality

Rocket engine

Satellite

Helicopter

Turbine pump bearing

Momentum wheel

Overrunning clutch

ZYS BEARING PRODCUTS

Momentum wheel

Aerospace Technology Military Quality

Overrunning clutch

High-precision integrated antenna bearing

Bearings

Ultra-low
temperature high
speed bearing

Low friction bearings

Ultra-high
temperature high
speed bearing

Thin section
bearings

Solid lubricating
bearing

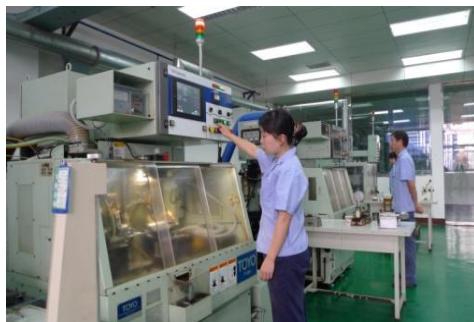

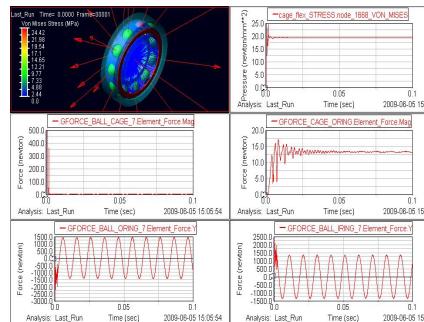

ADVANTAGES OF ZYS IN AEROSPACE BEARINGS

Aerospace Technology Military Quality

Special Bearings Division specializes in the design, development and manufacturing of special bearings, momentum wheels and components, overrunning clutches, testing machines in aviation, aerospace, ships, nuclear industry and other important fields.

ZYS has successfully completed the supporting tasks of the bearing and components for Dongfanghong series of man-made earth satellites, Shenzhou series of manned space crafts, Chang'e lunar exploration project, rendezvous and docking procedure between Shenzhou and Tiangong which have the milestone significance in the history of China's aerospace development.

- ◆ Own more than 300 scientific and technological achievements
- ◆ 19 national awards and 109 provincial and ministerial awards.
- ◆ Completed and revised about 20 technical standards for various types of military bearings.
- ◆ Simulation software
- ◆ Single rotor system
- ◆ Double rotor system
- ◆ Five series of bearing testing machines
- ◆ With GB/T 19001-2016/ISO9001:2015、GJB 9001C-2017 CERTIFICATION

CERTIFICATE

The Certification Body of
TÜV SÜD AMERICA INC.

hereby certifies that

Luoyang Bearing Research Institute Co., Ltd.

No. 1, Jilin Road, Jianxi District
Luoyang City, Henan Province,
P. R. China, 471039 China
(Central Function)

(see page 2 for additional locations)

has implemented a Quality Management System
In accordance with:

AS9100D and ISO 9001:2015

The assessment was performed in accordance with the requirements of AS9100D:2015, TÜV SÜD America Inc.
is accredited under the International Aerospace Quality Group Industry Controlled Other Party Management System

The scope of this Quality Management System includes:

Design, Manufacturing and Sales of
Bearings for Aerospace Industry

Certification Structure: Several Sites

Certificate Expiry Date: February 18, 2022

Certificate Registration No: 951194891

Issue Date: February 19, 2019

Reissue Date: N/A

Mark Alpert
Vice President, Business Assurance
